SALTO flips the script on traditional classrooms, delivering multi-purpose solutions that put the fun in functional.

Really.

STEM/STEAM CLASSROOM

A STEM/STEAM environment prioritizes flexibility, enabling quick transitions between various classroom setups. Large-capacity storage solutions avoid clutter.

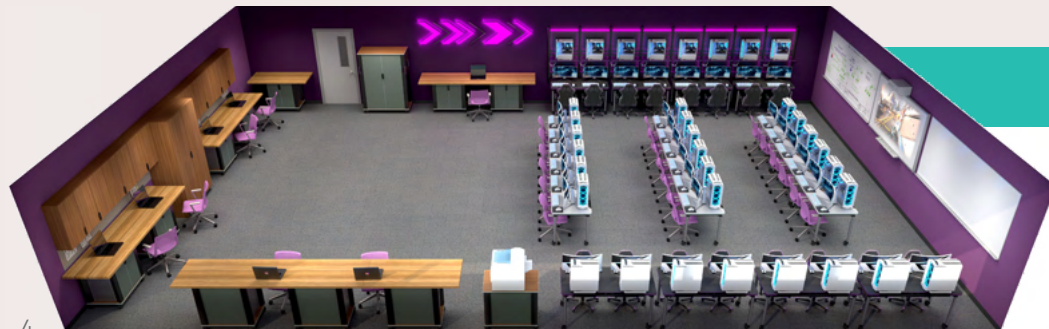

MAKER SPACE

We design maker spaces to ensure storage for tools and materials, durable work surfaces, and designated tech areas, supporting hands-on learning and future readiness.

ELEMENTARY SCHOOL

Elementary classrooms feature flexible layouts and multi-functional storage, accommodating diverse learning styles and fostering an engaging, lighthearted environment.

COMPUTER LAB & ESPORTS

Computer labs are versatile spaces integrated into a project-based curriculum. We can transform these labs into adaptable classrooms or even into exciting esports lounges.

Curriculums change, **SALTO** adapts.

It's difficult to make predictions, especially about the future. This holds true for those tasked with equipping schools with classroom solutions that must serve students for decades. There is no crystal ball to predict future curricula or budget allocations. That's why it's crucial to invest in adaptable, durable furnishings designed to meet the evolving needs of educational environments and to withstand many years of use.

You can't predict the future, but SALTO can help you be ready for it.

Learning spaces must adapt to meet diverse needs. With SALTO, you can quickly and easily reconfigure classrooms to support both group collaboration and individual focused tasks, ensuring a seamless transition in response to changing dynamics.

**Project-Based
Learning Can Be
Unpredictable.**

SALTO moves, turns,
and adapts right along
with teachers and their
students.

Open floor for team based activity & individual learning.

Workstations for partner collaboration.

Workstations for small group projects.

STEM/STEAM

Classroom Layouts Made Easy!

In today's classrooms, one size fits one. Teaching adapts to the unique needs of each student, changing from day to day, hour to hour, even minute to minute. That's why we've developed versatile storage and work table solutions designed to transform your space quickly. Whether for team projects, partner work, individual study, or large group activities, SALTO lets you reconfigure your layouts in a snap.

Multi-functional SALTO elements used in this STEM/STEAM setup:

Mobile Maker Center - J850
with Shelf Storage & Doors

Multi-Purpose Table - MDT10
with Casters

Mobile Storage - J1230
with Magnetic White Board

Seamlessly combined with these casework models:

Wall Cabinet - W0100 & W0110
with Shelf Storage & Doors

Tall Cabinet - T0100
with Shelf Storage & Doors

Maker Magic

With SALTO, organization meets innovation—tools stay accessible and spaces remain tidy, setting the stage for active learning.

Maker Space

Multi-functional SALTO elements used in this Maker Space:

3D Printer Cart - J9500
with Storage & Filament Holder

Mobile Maker Center - J8820
with Butcher Block & Tote Storage

Multi-Purpose Table - MDT10
with Casters

*3D Printer Cart shown with an optional pegboard.

Flexibility Drives Innovation.

In maker spaces, where young minds pivot and create, SALTO supports ideas, leaps and bounds, by ensuring supplies and tools are always within reach.

Adaptable Elementary School Designs,

enhance both fun and function, making every day easier and more engaging for teachers and students.

Elementary

Multi-functional SALTO elements used in this Elementary Classroom:

Mobile Storage - J9000
with Cubby Storage

Multi-Purpose Table - MDT10
with Casters

Mobile Storage - J1490
Tote Storage & Doors

Trapezoid Multi-Purpose Table - MDT40
with Tote Drawer Storage

Mobile Storage - J1230
with Cubby Storage

Move. Store. Learn.

What's the secret to learning in elementary schools? Multi-functional spaces that shape-shift to meet the many needs of young learners!

SALTO Delivers Freedom, Fun, & Functionality—

Enabling teachers to spend less time stressing about prepping the classroom and more time making an impact.

Teacher Solutions

Multi-functional SALTO elements used in this teacher area:

Mobile Storage - J1490
Shelf, Tote Storage
& Door

Mobile Storage - J0100
with Doors & Whiteboard
Back Panel

Multi-Purpose Table - MDT10
with Whiteboard
Modesty Panel

Mobile Storage - J000
with Shelves

Mobile Storage - J0120
with Shelf Storage
& Door

Trapezoid Multi-Purpose Table - MDT40
with Tote Drawer Storage

Empowering Teachers. Classroom designs often overlook teachers' need to manage supplies efficiently. Thoughtful, teacher-centric storage solutions can significantly enhance their working environment.

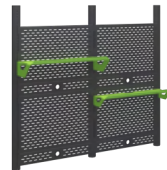

Go from Computer Lab to Esports Arena. Easy.

Computer/Esports

Multi-functional SALTO elements used in this esports area:

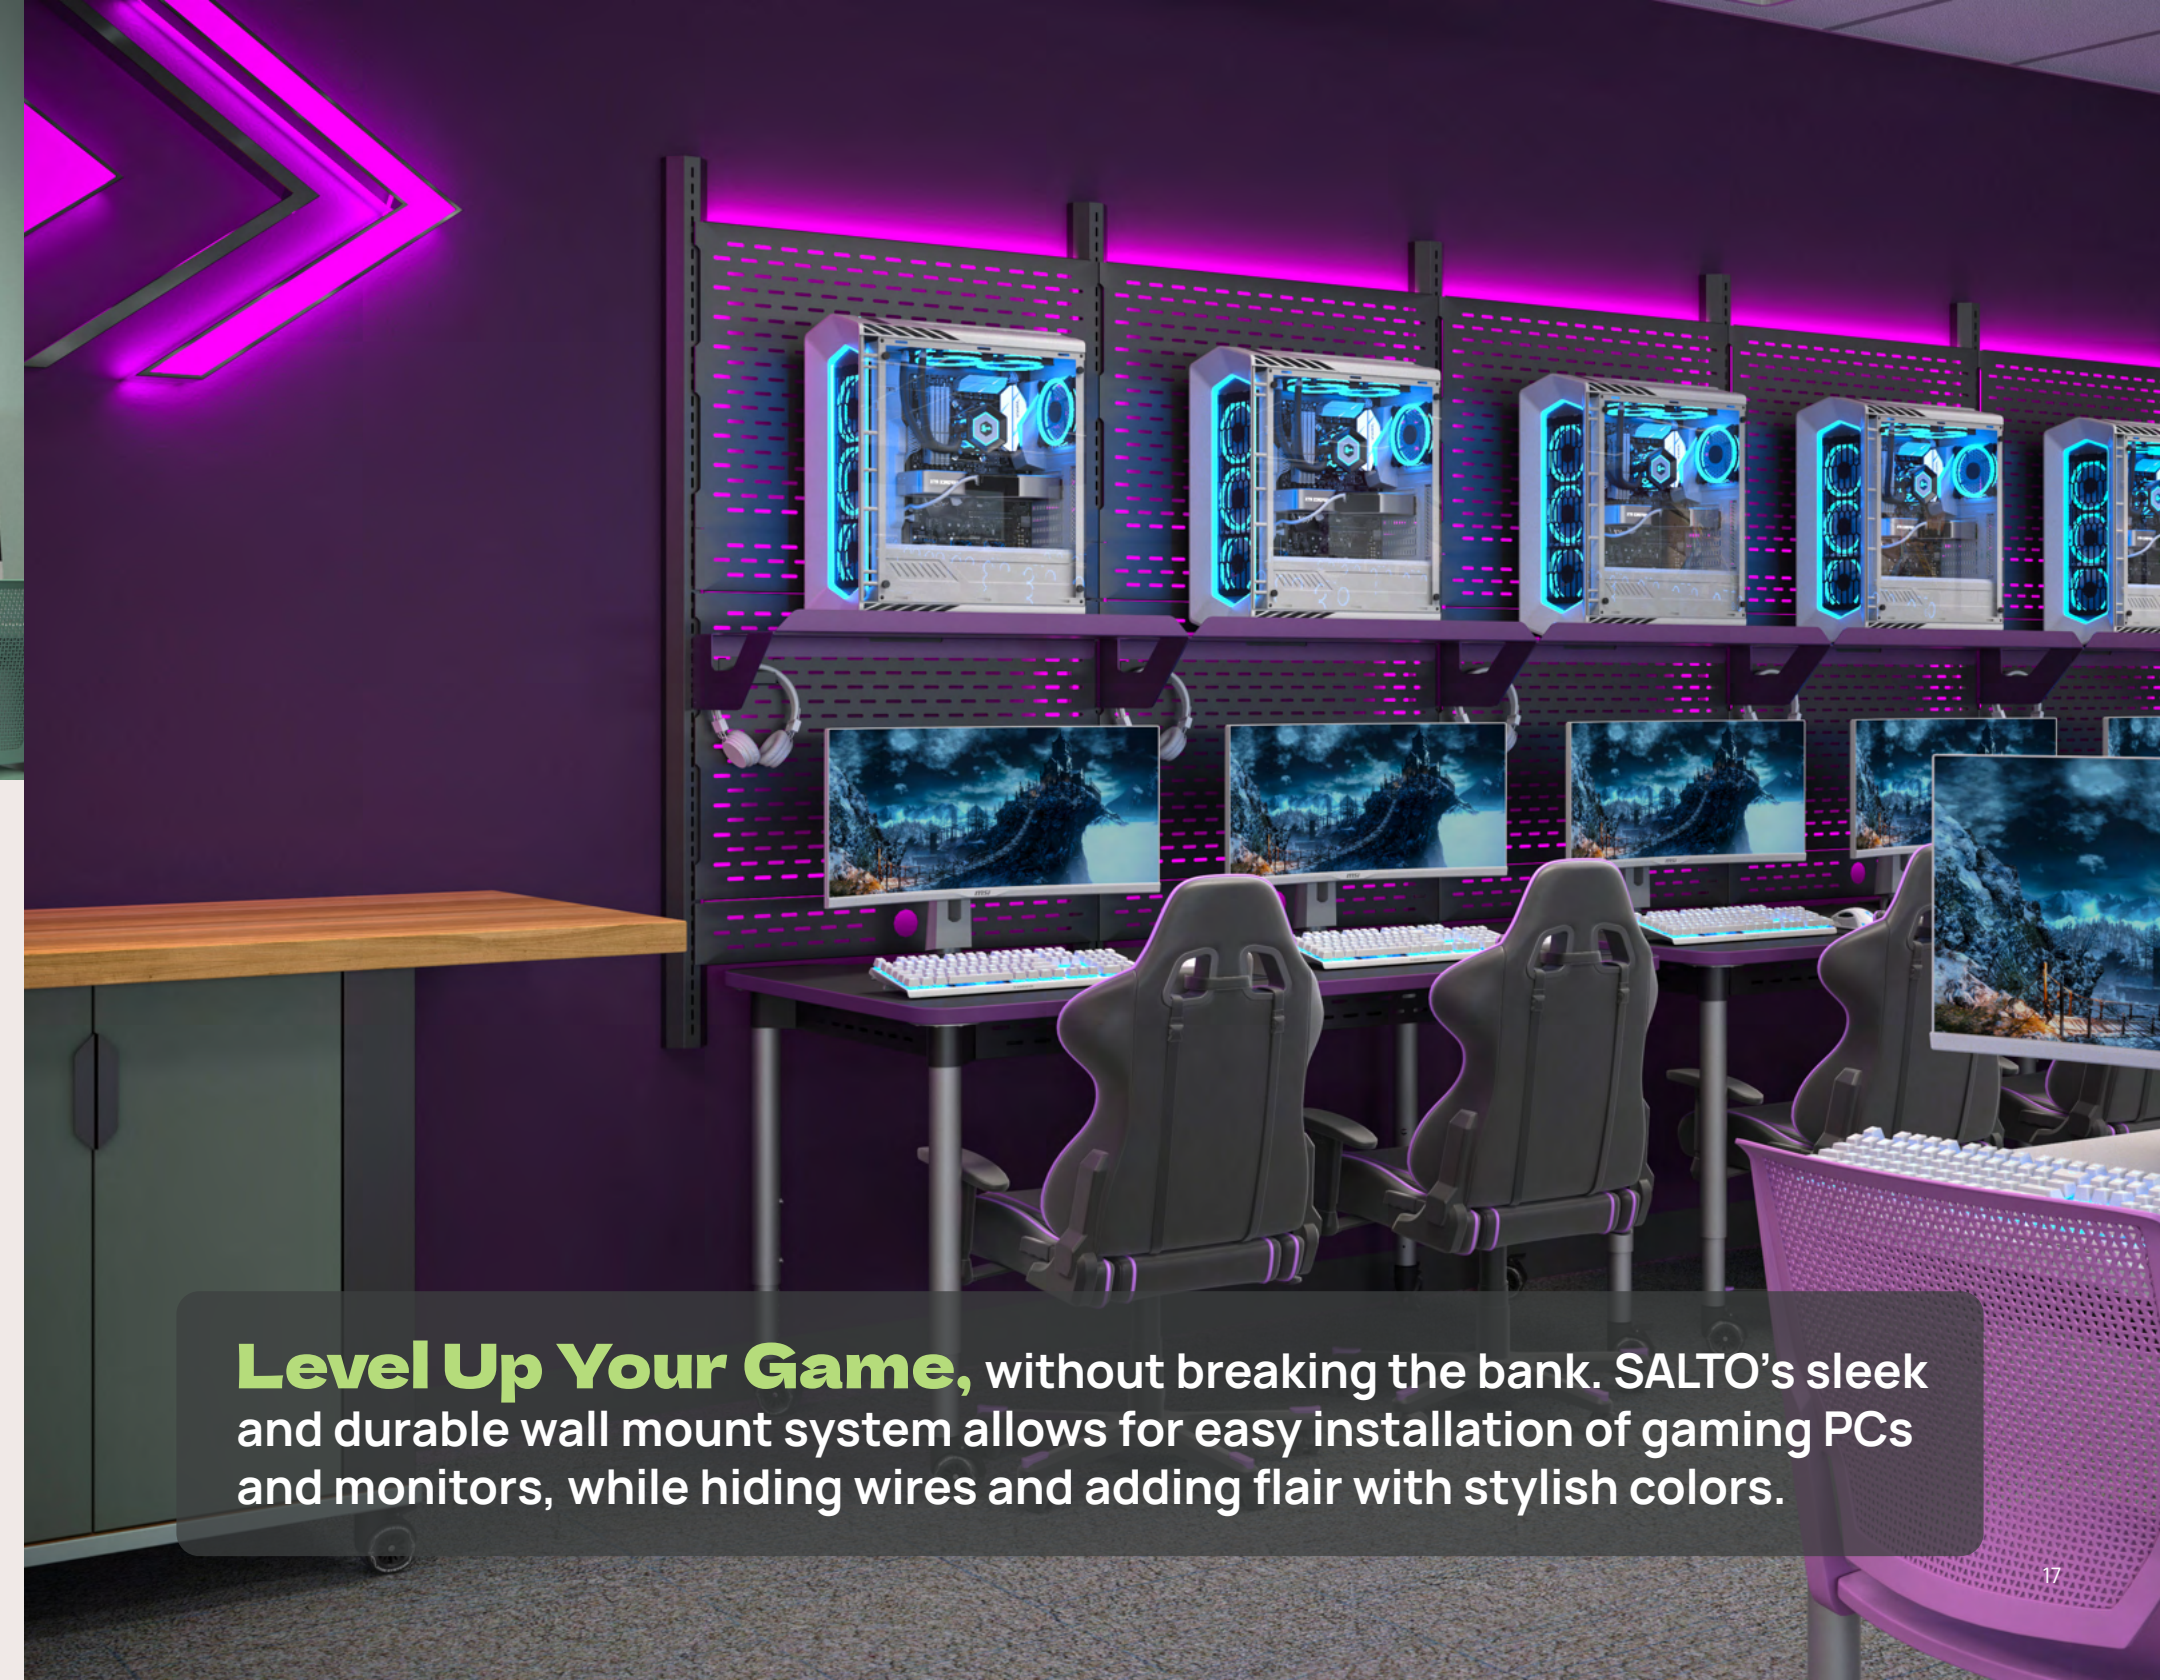

**Multi-Purpose Table -
MDT10**
with Casters

**Wall-Mount Pegboard -
WMP60**
with 12" Shelf (SSH12)

**Mobile Workcenter -
J8150**
with Doors & Shelf Storage

Level Up Your Game, without breaking the bank. SALTO's sleek and durable wall mount system allows for easy installation of gaming PCs and monitors, while hiding wires and adding flair with stylish colors.

Flex & Fix. Optimize your space with flexible mobile storage cabinets that seamlessly integrate with your fixed casework!

Exclusive!

Flexible & Fixed for Dynamic Spaces

SALTO seamlessly coordinates your fixed casework with mobile storage and workstation solutions. Achieve a cohesive look and superior functionality that will bring your vision for the classroom to life. No more messy classrooms or insufficient storage capacity. With mobile cabinets that move where you need them, or tuck neatly into a row of fixed cabinets when not in use, you get the best of both worlds.

SALTO + Case Systems = Your One-Stop-Shop

Working in K-12 construction and furnishings means facing a myriad of challenges, from managing budgets to coordinating suppliers. At Case Systems, we understand the importance of reliability in meeting these demands. With a track record of over seven decades, our team has earned a reputation as a trusted partner you can rely on. Now, as we've developed SALTO, we're proud to offer a one-stop-shop solution for all your classroom storage and work surface needs.

These funky, wavy wheels make moving tables and cabinets smooth sailing.

Whether it's over carpet, concrete, or even your parking lot, split-wheels turn corners with ease. Their unique sinusoidal design features 57% less friction compared to a standard wheel. This innovative design makes school storage solutions cool, convenient, and super versatile.

Uniquely SALTO

Recessed Design

- Our intentional cabinet design sets pegboards and side panels back, allowing cabinets to line up side-by-side, even when holding tools & supplies.
- Recessed work surfaces allow a uniquely creative use of accessories like holders & hooks. Our tables' recessed design means 360° usability, making easy clamping an option around the entire work surface edge.

Pegboard in Dash Design

- No square pegs in round holes here! Our dash shaped pegboard hole pattern is attractive and allows for better functionality. Use our innovative and versatile hooks, totes, and holders, or work with what you have—even most generic pegs are compatible!

SALTO Mobile Storage

1 Recessed Design

The SALTO recessed design not only enhances the aesthetic appeal but also lets you add tools and supplies while aligning your cabinets seamlessly side by side.

2 Flexible Storage Options

Classroom storage needs vary widely, which is why SALTO provides options like fixed or adjustable shelves, tote storage, and enclosed spaces with doors.

3 Magnetic Whiteboard

As part of our multi-purpose product line, many SALTO cabinets offer the option to add a durable magnetic whiteboard to the back, transforming your storage into a space for brainstorming or presentations.

4 Pegboard in Dash Design

Pegboards are essential in today's flexible classrooms. What sets the SALTO pegboard apart? —It's the dash hole pattern design, enhancing functionality and accommodates a wide range of pegs and accessories.

5 Split-Wheel Casters

For a cabinet to be truly multi-functional, it must move easily, especially when we think of larger models. SALTO features the unique sinusoidal design, which ensures all cabinets can be moved effortlessly.

6 Durable Accessories

The SALTO product line includes a range of specific and useful accessories that significantly enhance daily activities. Made from powder-coated steel, these accessories not only look great but are also virtually indestructible.

Quick Specs

- Meets or exceeds BIFMA 5.9 standards
- Epoxy powder-coated steel frame
- Locking split-wheel swivel casters in sinusoidal design
- Grannells™ storage totes
- High-Pressure laminate (HPL) decorative exterior
- 3mm edgebanding on doors, top & bottom
- Cabinet load capacity of 500lbs
- Premium grade joinery cabinet construction
- Aluminum handles with silver satin coating
- Shelf clips with 300 lbs load capacity per clip

SALTO Maker Table

1 Recessed Design

The SALTO recessed design is key to our tables: The pegboard inset allows tables to line up side-by-side, without interference. Recessed angled legs enable clamps to be added on all sides of the table, offering full 360° usability.

2 Flexible Storage Options

Tables are often overlooked as storage solutions. SALTO Maker Tables provide a variety of tote and shelf options to meet curriculum needs.

3 Bonus Bar

All SALTO Maker Tables feature a unique 'Bonus Bar' table skirt that allows for the attachment of various hooks, totes, and wire management accessories, making the workspace both useful and organized.

4 Pegboard in Dash Design

Pegboards are essential in today's flexible classrooms. What sets the SALTO pegboard apart?

—It's the dash hole pattern design, which not only enhances functionality but also accommodates a wide range of pegs and accessories.

5 Split-Wheels Or Leveler Feet

All SALTO Maker Tables come with the option of leveler feet for stationary setups or heavy-duty locking casters featuring the unique sinusoidal design for effortless mobility on any surface.

6 Durable Accessories

The SALTO product line includes a range of specific and useful accessories that significantly enhance daily activities. Made from powder-coated steel, these accessories not only look great but are also virtually indestructible.

7 Top Choice

Select from a maple butcher block or a wide selection of high pressure laminate tops.

Quick Specs

- Meets or exceeds BIFMA 5.5 standards
- Epoxy powder-coated, welded steel legs and frame with a 1,200lbs distributed load capacity
- Legs are height-adjustable to eight different height settings in 1" increments.
- Locking split-wheel swivel casters in sinusoidal design
- Top: Choice of 1.5" thick maple butcher block or 1.125" thick High-Pressure Laminate (HPL) with 3mm Flexible PVC Edgebanding

Designed & Built in America

SALTO products are developed and manufactured in Midland, Michigan, at our state-of-the-art manufacturing plant, by the trusted team behind Case Systems casework solutions. Our facility features extensive high-volume woodworking and advanced metal fabrication capabilities. We are committed to giving you the best solutions for your space.

SALTO is made by Case Systems, the trusted brand behind equipping tens of thousands of classrooms. We are the expert in adaptable classroom and efficient storage solutions.

Elevate Your Standard

With SALTO, we uphold the highest benchmarks in woodworking and metal fabrication to exceed the rigorous demands of furnishings in modern educational environments. We are committed to sustainability, quality, and innovation, providing certified materials and services to enhance every educational space.

The mark of
responsible forestry

If your SALTO project calls for chain of custody, we have Forest Stewardship Council® (FSC®) materials available upon request.

Case Systems is certified under the Quality Certification Program (QCP) of the Architectural Woodworking Institute (AWI) to produce casework to their requirements.

BIM

Supporting your workflow, the SALTO product line is available in BIM format.

SPEC

For your convenience the SALTO 3-part spec is available in "SALTO only", or in a fixed casework included format.

WARRANTY

SALTO is engineered for resilience and we back this product line with a limited lifetime warranty.

AIA Continuing Education Provider

As the expert in storage and work surface solutions for the modern classroom we are also an AIA CES program provider. We offer CE sessions throughout the country.

Tested to BIFMA Standards

SALTO cabinets and tables meet or exceed ANSI/BIFMA X5.5-2021 and ANSI/BIFMA X5.9-2019 standards, respectively, ensuring top-quality and durability.

SALTO

**Fun leading function.
Are you ready?**

SALTO is an education-first brand that flips the script on traditional classrooms, delivering multi-purpose casework and storage solutions that put the fun in functional. Unlike other brands that prioritize simplistic formulas over flexibility, SALTO develops every product based on what teachers and students actually want—leading to more learning, fewer limits, and measurably better schools for everyone. With an A+ team fueled by creativity and curiosity, we're here because we believe brighter futures start with cutting-edge classrooms.
